

# A flavor for everybody!

**You can always discover a wide variety of our world-famous cupcakes at all locations daily for our walk-in customers. Cupcakes in our stores are JUMBO sized: twice as big as other bakeries' and easily shareable!**

With over 60 flavors on our full menu, we do not make every flavor in every size every day. To find out today's selections, check out our Facebook page or give us a call at 317-396-2696. We're happy to set some aside for you for same-day pickup or help you custom order your favorite flavors for future pickup (with an order minimum of 6 cupcakes per size and flavor, please and thank you!)

Looking to special order cupcakes in our "regular" or "mini" bite-size cupcake? No problem! Give us a call at least 24 hours in advance to place your custom order.

## **Always cheaper by the dozen!**

We offer an \$8.00 discount on any jumbo or regular cupcake order (or a mix of the two sizes) when ordered by the dozen! \*

\*Sorry, the dozen discount does not apply to mini cupcake orders
